Where can you print these puppy coloring pages for free?

Right here, and it takes about a minute. This page has 40 free printable coloring pages starring our own cartoon puppy family, with no sign-up, no email and no watermark. Every design downloads as a high-quality PDF sized for both US Letter and A4 paper, and each one can also be colored online in your browser.

Meet the puppy family

These are our own puppy friends, drawn in our studio, not copies of anyone else's characters. The star is a cheerful little pup with floppy ears and a fluffy tail, and around her you will find her little sister, her big goofy dad and her warm, patient mum. The scenes are pure everyday family fun: a ball chase in the backyard, a dress-up game, a living-room dance party, pancakes in the kitchen, a beach day, puddle jumping in the rain and a cozy campfire night.

Coloring ideas for your puppy pack

Cattle-dog puppies look wonderful in soft blue-gray tones with cream muzzles, and a warm orange-tan works beautifully for the mum and the little sister. Nothing is fixed, though: a mint-green pup or a lilac one is just as much fun, and a whole family in surprise colors looks brilliant taped to the fridge. Keep the big body areas flat and let the small details pop: the inner ears, the tail tip, the patches around the eyes. Markers need thicker paper (cardstock) so they do not bleed through; crayons and pencils are happy on plain printer paper.

The best page for every age

For toddlers, start with the easy round puppy face: extra-thick lines, big open areas, nothing fiddly. Kids from about four to eight usually go straight for the backyard ball chase, the dress-up sisters and the beach day. Older kids and grown-ups tend to pick the patterned sitting dog, which colors like a mandala and can fill a whole evening. Planning a party? Print a stack of the dance party page and let every guest color their own family.

Frequently asked questions

Are these pages free for schools?

Yes. Everything here is free for personal use and for classrooms, libraries and therapy practices. The details are in our licensing policy.

What paper size do the PDFs fit?

Every PDF is built for both US Letter and A4. Choose "fit to page" in your print dialog and you are set. There are more tips in our how-to-print guide.

Can we color these online without a printer?

Yes. Every design has a "Color online" button that opens it in our browser coloring studio. Paint with a mouse or a finger, undo anything you like, and download the finished picture as a PDF or a PNG.

Who draws these pages?

We do. Every puppy here is an original design drawn in our own line-art style, never traced or copied from anyone else. When they are ready for something noisier, our Mario coloring pages have an extra easy sheet with very thick lines plus kart racing for older brothers and sisters. If you like this collection, the rest of our cartoon coloring pages are drawn the same way.

How to print

Every page is sized for US Letter and prints on A4 without cropping if you set your printer to "fit to page". Print single-sided so colors do not show through, and use cardstock if you plan to use markers. There are no watermarks and no sign-up, on any page.

Terms of use

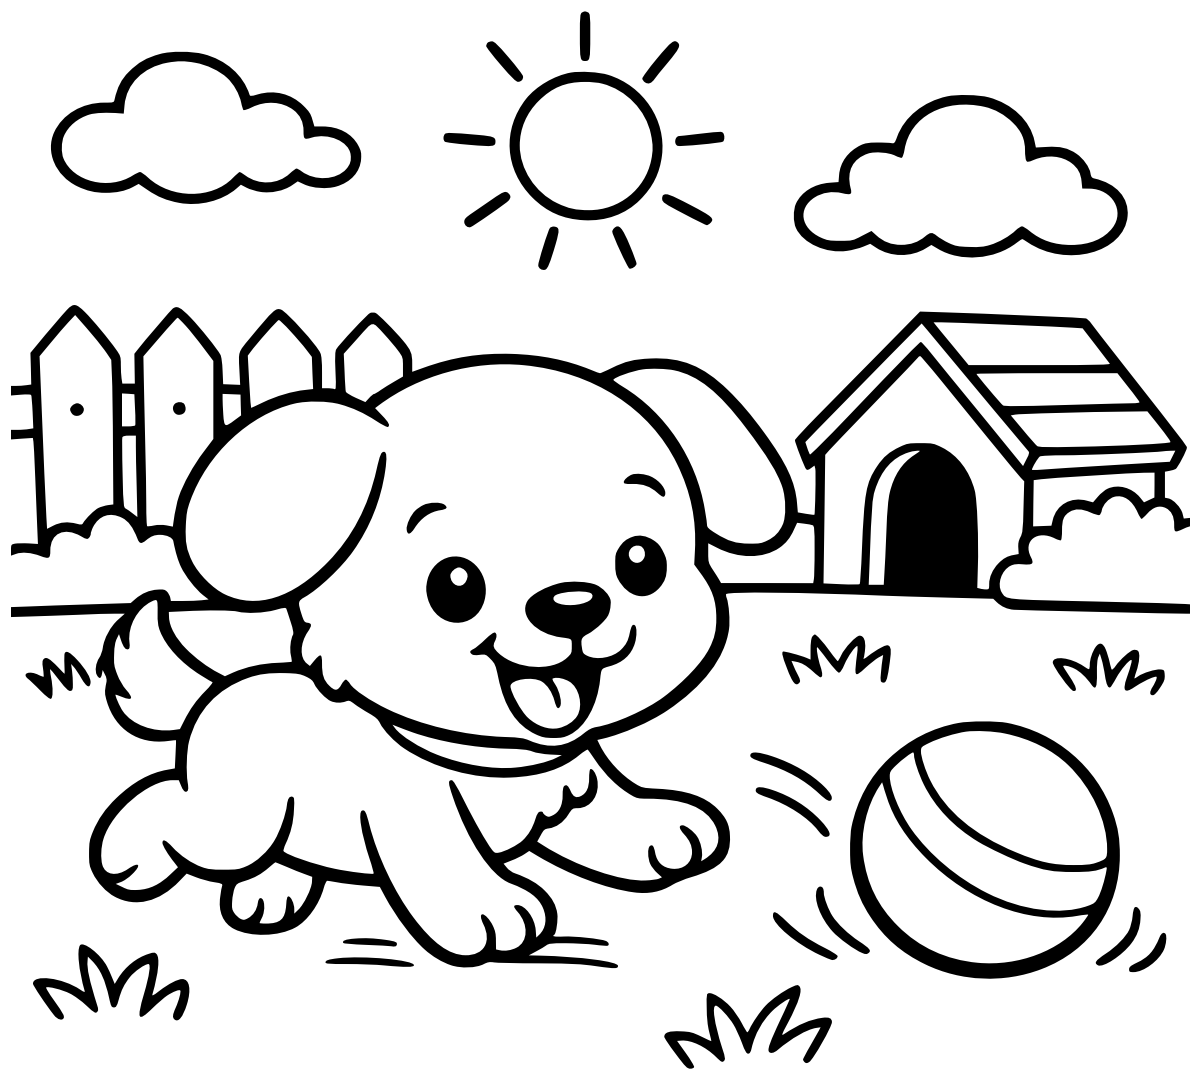

Free for personal, classroom and library use. Print as many copies as you need. Please do not re-sell these pages or re-host the file: link to the collection page instead, so the book stays up to date.
