You will find sleepy kittens, playful cats with yarn, a cat in a box, birthday and holiday cats, plus extra-easy designs made for toddlers and intricate patterned cats for older artists. Prefer to skip the printer? Every design can also be colored online right in your browser. Perfect for birthday parties, classrooms, rainy afternoons and quiet time.

Tips for coloring cats

Cats are wonderfully easy to color because real cats come in every shade. Try classic ginger orange with white paws, a grey tabby with darker stripes, or go completely imaginative with a rainbow cat. Leaving the background white and coloring only the cat makes the design pop, while soft blues and yellows in the background give a cozy feel. If you color with markers, print on slightly thicker paper (cardstock) so nothing bleeds through; crayons and pencils are happy on regular printer paper.

Which cat should you print first?

For toddlers, start with the two easy designs, with extra-thick lines and big open areas made for first-time colorists. Kids around four to eight usually reach for the playful scenes: the yarn kitten, the cat in a box or the birthday cat. Older kids and grown-ups love the patterned cat, which colors like a mini mandala. Hosting a cat-themed party? Print a stack of the birthday kitty and you have an instant activity table.
