Christmas Tree Coloring Book

24 original christmas tree coloring pages, free to print at home, at school and in the classroom. Every design in this book is also available as a single-page download, and many can be colored online in your browser.

About this collection

Our free Christmas tree coloring pages put the best part of December on paper: a tall tree dressed in ornaments with a big star on top, kids hanging baubles from a stool, the star-topper moment on a little ladder, a mountain of ribboned presents, a snowy forest tree with a bunny watching, and even a bare tree waiting for you to draw your own decorations. Each drawing is original art with bold outlines and big open areas, easy for small hands and genuinely fun for older kids who want a page worth shading. Download any page instantly as a crisp vector PDF for Letter or A4 paper, free, with no sign-up and no watermarks, or color it online right in your browser. There are two extra-simple trees for toddlers and one intricate patterned tree for patient colorists. Print a few, grab every green and gold you own, and let the decorating begin.

Where can you find free printable Christmas tree coloring pages?

Right here. This page has 24 free Christmas tree coloring pages: decorating scenes, a branch full of ornaments, the star topper moment, presents under the tree and a bare tree to decorate yourself. Every design downloads as a crisp vector PDF for US Letter and A4, no sign-up and no watermarks, and every page can be colored online too.

Tips for coloring a Christmas tree

Give the tree more than one green: layering light and dark greens branch by branch instantly makes it look full and round. Then let the ornaments carry the color, one bright shade per bauble, with red, gold and blue doing most of the work. Leave the string lights white or pale yellow and add a soft halo of color around each bulb so they seem to glow. Metallic pens are wonderful on the star, the bells and the ribbons. If you use markers, print on slightly heavier paper so nothing bleeds through; crayons and pencils are happy on regular printer paper. More paper and printing advice lives in our how-to-print guide.

Design your own tree, then hang it up

The bare tree page is a little design studio: draw your own baubles, garlands and lights before coloring them, and no two trees ever come out the same. Finished pages make lovely free decorations, cut out the trees and tape them to windows and doors, or fold one in half for a homemade Christmas card. Teachers and parents can print as many copies as they like for class or home; the details are in our licensing policy. Hang a cookie on the branch too: our gingerbread man coloring pages include one tied to a fir branch with a ribbon, ready to cut out and loop over a twig. These trees are part of our full Christmas coloring pages, where Santa, the snowman, reindeer and elves are drawn in the same friendly style, and every celebration on the site gathers in our holiday coloring pages.

How to print

Every page is sized for US Letter and prints on A4 without cropping if you set your printer to "fit to page". Print single-sided so colors do not show through, and use cardstock if you plan to use markers. There are no watermarks and no sign-up, on any page.

Terms of use

Free for personal, classroom and library use. Print as many copies as you need. Please do not re-sell these pages or re-host the file: link to the collection page instead, so the book stays up to date.
