About this collection

Our free flower coloring pages put a whole garden on your table: a tall sunflower, a blooming rose, tulips under a smiling sun, a bouquet in a pretty vase and a water lily pond with a tiny frog. Every drawing is original art with bold outlines and big open areas, easy for small hands, and there is a very simple daisy for toddlers plus an intricate floral pattern that adults can sink into for a whole quiet evening. Download any page instantly as a crisp vector PDF for Letter or A4 paper, free, with no sign-up and no watermarks, or color it online right in your browser. Flowers are the friendliest subject there is: any color you choose is the right one.

Are these flower coloring pages good for kids and adults?

Yes, both. The set ranges from a very simple daisy with extra thick lines for toddlers to an intricate floral pattern that colors like a mandala. Every page downloads free as a vector PDF for Letter and A4, with no sign-up, and each one can also be colored online in your browser.

Tips for coloring flowers

Flowers forgive everything, which makes them perfect for relaxing. You can stay realistic, yellow sunflowers, red roses, pink tulips, or invent a garden no botanist has ever seen: blue petals, purple stems, a rainbow bouquet. A simple trick for depth: use two shades of the same color and put the darker one near the center of each flower. Coloring petal by petal with no hurry is a lovely calm-down activity; if that is what you are after, our mindfulness coloring pages are made for exactly that mood.

Which flower page should you print first?

For toddlers, start with the easy daisy: extra thick lines and big open petals. Kids from about four to eight usually pick the sunflower with the ladybug or the water lily pond with the frog. Older kids and grown-ups tend to go straight for the intricate floral pattern, which can fill a whole evening. Print as many as you like for home or the classroom, all free; the details are in our licensing policy, and our how-to-print guide helps with paper choices.

How to print

Every page is sized for US Letter and prints on A4 without cropping if you set your printer to "fit to page". Print single-sided so colors do not show through, and use cardstock if you plan to use markers. There are no watermarks and no sign-up, on any page.

Terms of use

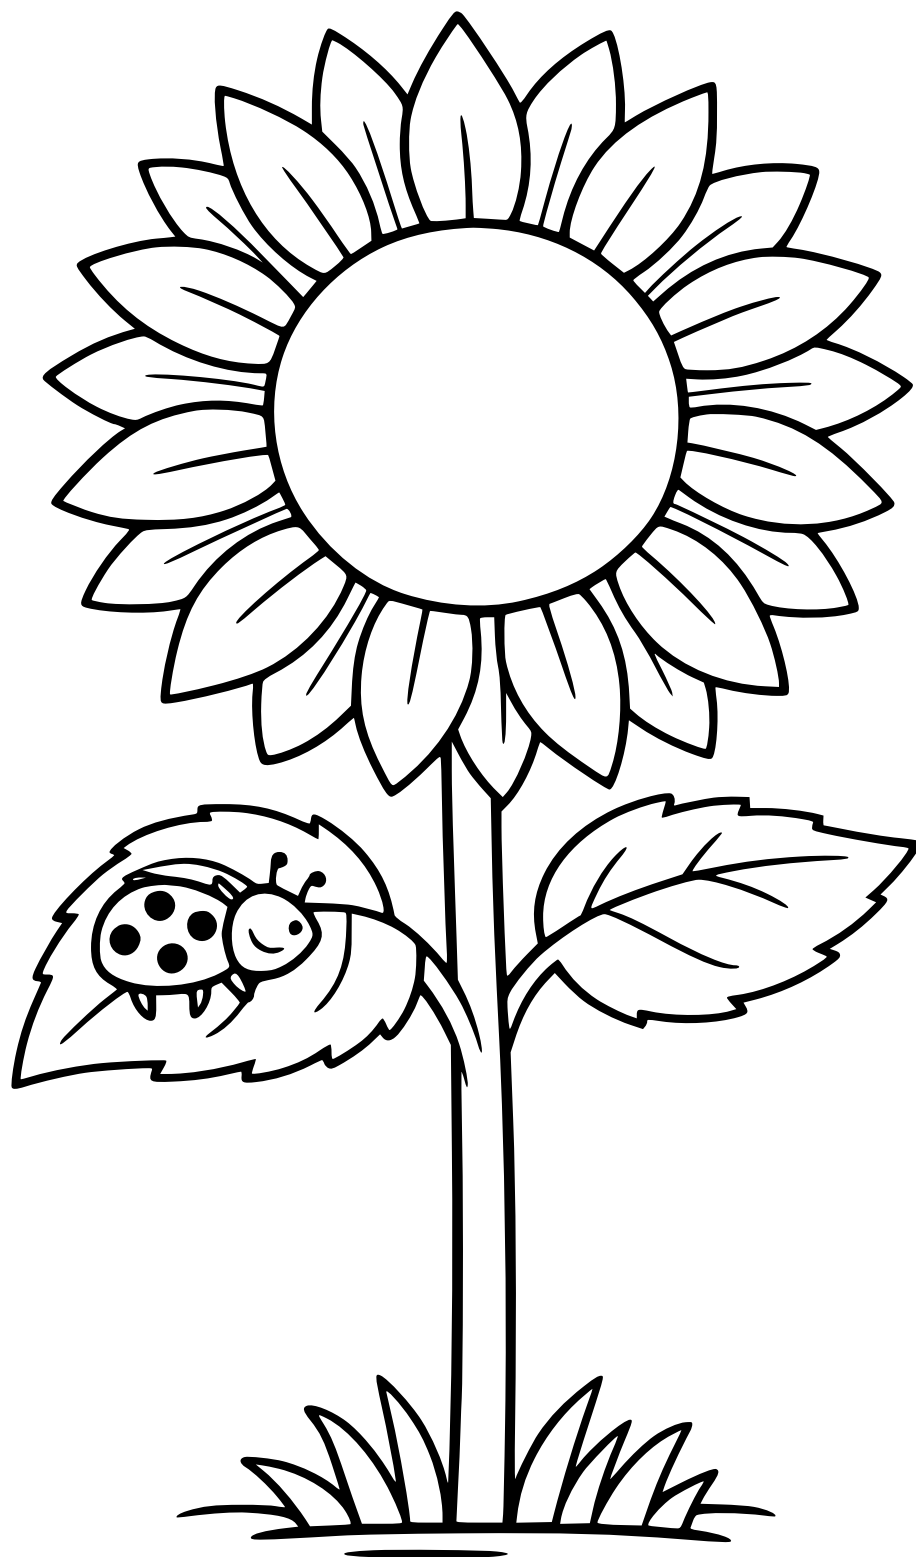

Free for personal, classroom and library use. Print as many copies as you need. Please do not re-sell these pages or re-host the file: link to the collection page instead, so the book stays up to date.
