Where can you print free Hello Kitty coloring pages?

Right here. This page has 60 free Hello Kitty coloring pages you can print in about a minute: no sign-up, no email, no watermark. Each one is an original white-kitty drawing made in our own studio, sized for both US Letter and A4, and every design can also be colored online in your browser.

What colors is the little white kitty?

The classic look is white fur, a bright red bow, a small yellow oval nose and black whiskers, usually over a red or blue dress. The colored example at the top of this page uses exactly that palette, so you can copy it straight off the screen. But these are your pages. A pink bow with a purple dress works just as well, and a row of differently colored kitties looks great taped to a wall.

Tips for coloring bows and patterns

The bow is the star of every page, so color it first and let the rest of the palette follow it. A red bow with white polka dots is the safe classic, but stripes, hearts and tiny flowers all look lovely. Keep the fur white, or the palest grey if you want a soft shadow, so the bow and the dress pop against it. The patterned bows page colors like a mandala: pick three or four colors and repeat them around the page so it stays tidy instead of turning into confetti. Markers bleed through thin paper, so print on thicker paper (cardstock) if you use them; crayons, wax pastels and colored pencils are happy on plain printer paper.

Which page should you print first?

For toddlers, start with the easy kitty face: extra-thick lines, big open areas, nothing fiddly. Kids from about four to eight go straight for the scenes, the cupcakes, the tea party, the puddle and the sandcastle. Older kids and grown-ups usually pick the patterned bows page, which colors like a mandala and can take a whole evening. Running a birthday party? Print a stack of the birthday cake page and hand out pink and red pencils.

Frequently asked questions

Are these Hello Kitty coloring pages free for schools?

Yes. Everything here is free for personal use and for classrooms, libraries and therapy practices. The details are in our licensing policy.

What paper size do the PDFs fit?

Every PDF is built for both US Letter and A4. Choose "fit to page" in your print dialog and you are set. There are more tips in our how-to-print guide.

Yes. Every design has a "Color online" button that opens it in our browser coloring studio. Paint with a mouse or a finger, undo anything you like, and download the finished picture as a PDF or a PNG.

Who draws these pages?

We do. Every kitty here is drawn as original fan art in our own line-art style, never traced or copied. If you like this collection, the rest of our cartoon coloring pages are drawn the same way.

How to print

Every page is sized for US Letter and prints on A4 without cropping if you set your printer to "fit to page". Print single-sided so colors do not show through, and use cardstock if you plan to use markers. There are no watermarks and no sign-up, on any page.

Terms of use

Free for personal, classroom and library use. Print as many copies as you need. Please do not re-sell these pages or re-host the file: link to the collection page instead, so the book stays up to date.
