Can you print these Thanksgiving coloring pages for free?

Yes, every page here is free. Pick a design, press Download PDF and print it at home in about a minute: no sign-up, no email, no watermarks. All 40 drawings are original art sized for US Letter and A4 paper, and each one can also be colored online right in your browser.

Tips for coloring Thanksgiving pages

Thanksgiving shares its palette with late autumn: warm oranges, browns, deep reds and golden yellows. The turkey is the star, and his fanned tail is basically a rainbow waiting to happen, so give every feather its own color. On the food pages, a brown crust with orange filling makes the pumpkin pie look good enough to eat. If the kids are coloring at the table before dinner, crayons on regular paper are the safest choice; more paper tips live in our how-to-print guide.

A quiet activity for the kids table

A short stack of coloring pages and a box of crayons is the classic trick for keeping little hands busy while the food comes out. Print several copies of the baby turkey for the youngest cousins and let the older ones race to finish the harvest wreath. Classrooms are welcome to print full sets too, all covered by our licensing policy. For the rest of the season, our holiday coloring pages and fall coloring pages keep the crayons busy right through the year.

How to print

Every page is sized for US Letter and prints on A4 without cropping if you set your printer to "fit to page". Print single-sided so colors do not show through, and use cardstock if you plan to use markers. There are no watermarks and no sign-up, on any page.

Terms of use

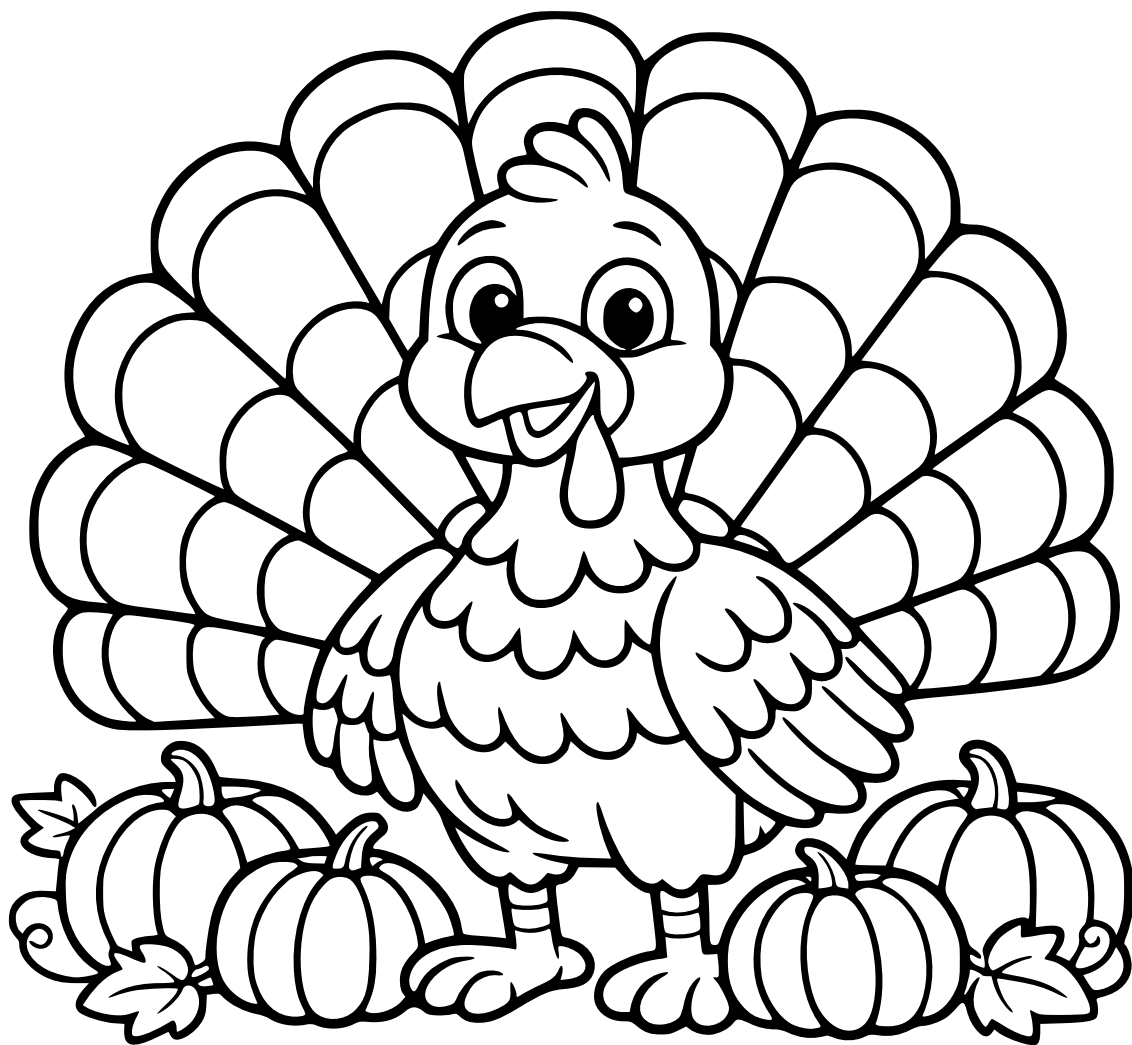

Free for personal, classroom and library use. Print as many copies as you need. Please do not re-sell these pages or re-host the file: link to the collection page instead, so the book stays up to date.
